A room of bird's own

The miniature bird abodes of Istanbul

A birdhouse is located above Halep Pasajı main gate.

The birdhouses of Istanbul, built mostly during the Ottoman era, provide not only urban shelters for birds but also pleasure for curious eyes. The houses come in various styles and can be found on facades all over the city, from churches to banks and offices.

4 Ayda Ölçülebilir Başarı:

HotelRunner Elite ile Güçlenen Bir Havalimanı Otel

HotelRunner Elite ile çalışmaya başlayan Elite Hotels İstanbul Airport, yalnızca **4 ay gibi kısa bir sürede** satış performansında belirgin ve ölçülebilir sonuçlar elde etti.

Kısa konaklama süreleri, fiyat hassasiyeti yüksek misafir profili ve yoğun rekabet koşullarına sahip bir pazarda fark yaratmak, doğru fiyatı doğru anda sunabilmek ve doğrudan satışları güçlendirmekten geçiyor. Bu süreç isabetli strateji ve danışmanlığın ne kadar hızlı etki yaratabildiğini net biçimde ortaya koyuyor.

Tesis Tipi
Havalimanı Otel

Oda sayısı:
110

Konum
 **Türkiye**

Rakamlarla Güçlü Başarı

Direkt satış kanallarında:

**3 katın
üzerinde artış**

Direct Plus* kapsamında Google
kaynaklı rezervasyonlarda:

**3 kata
yakın büyüme**

Ana satış kanallarında:

**%28'lik
büyüme**

Bu sonuçlar, havalimanı oteli gibi yüksek rekabetli ve hızlı karar verilen bir segmentte bile, doğru stratejiyle kısa sürede güçlü performans elde edilebileceğini gösteriyor.

*HotelRunner Direct Plus, meta arama pazarlamasıyla doğrudan rezervasyonları artıran bir çözümdür. Tesisinin tek tıkla Google, trivago ve Neredekal.com gibi meta arama kanallarında listelenecek çevrimiçi görünürlüğünüzü güçlendirir ve doğrudan gelir potansiyelini maksimize etmenizi sağlar.

Enabling payments for the travel industry

Scale globally. Grow profitably. Settle instantly.

In partnership with
VISA

Why HotelRunner Ruby wins?

HotelRunner Ruby is a travel-native financial orchestration platform that brings banking logic into travel workflows. We do not offer banking. We orchestrate it for travel.

- Save 90+ team hours per month on reconciliation processes.
- Save 45+ team hours per month on reporting workflows.

Others

- Generic payment and issuing infrastructure
- One card, one load
- No early-reservation or staged payment logic
- Limited user permissions
- Excel-based, delayed reporting
- No visibility after a card is issued
- Manual invoice tracking
- Basic merchant restrictions
- Generic fraud rules
- Flat account structures
- Isolated transactions

HotelRunner Ruby

- Travel-native financial orchestration
- Single VCC with multiple scheduled loads
- Native early reservation and split-payment support
- Granular roles, limits, approvals, and full audit logs
- Real-time dashboards and API-driven reporting
- Instant confirmation when a hotel charges a VCC
- Automatic invoicing triggers on card acquisition
- Hotel-, merchant ID-, and POS-level controls
- Travel-specific fraud intelligence and alerts
- Advanced accounts, sub-accounts, and department wallets
- Structured, searchable payment data with custom metadata

Rhodes International Airport (RHO) → Stuttgart Airport (STR)

Departure Date 09.05.2021

Stuttgart Airport

History of Stuttgart Airport STR

Stuttgart airport STR was constructed in 1939 and the terminal building was entirely replaced in 2004. Since 2017 Stuttgart airport has handled over 12 million 500 thousand passengers annually, has four terminal buildings equipped for a capacity of 12 million travellers a year. Stuttgart airport was changed in 2016 to Stuttgart Airport from Flughafen Stuttgart. With a continual growing stream of travellers this airport is for many travellers the beginning of a journey.

Stuttgart Airport Arrival Hall

The Stuttgart airport STR arrival hall is spread out over the entire second floor of all four terminal buildings. Each terminal building has a baggage claim and for safety control. Stuttgart airport is linked to the railway system, has taxi stands and offices of car rental companies. The bus stops are located at just a few minutes walk from the terminal buildings' exits. There are also several cafes, where you can enjoy a drink or a snack. There also is a bakery for fresh baked delicacies, as well as ATM machines to use. In the third terminal building are shops, a casino and if you travel with kids they can have a great time in terminal 3 because there are many play areas. And what do you think about a massage after your flight? There are massage seats in terminal building 3 to remove tiredness from your flight. In terminal building 1 is the Modern Asia restaurant where you can try delicacies from the Far East.

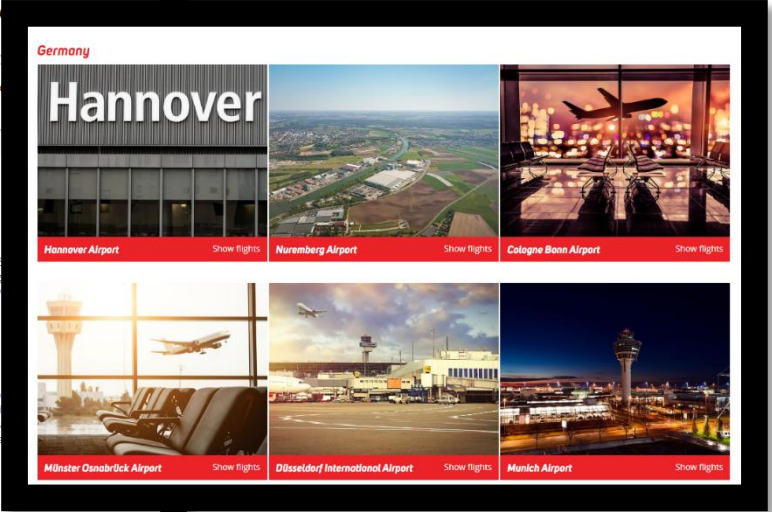

Stuttgart Airport Departure Hall

Also the airport's departure hall is spread out over all four terminal buildings. To prevent troubles and delays due to a crowded travellers stream it is wise to be in the airport at least 2 hours prior to the departure time of your flight. After completing all travel formalities you have the opportunity to do some duty-free shopping in the departure hall, or take a bite or drink in one of the cafeterias. If you need medicine, there is a drugstore in the departure hall of Stuttgart airport STR, as well as an infirmary, souvenir shops, boutiques for branded clothing and a casino to try your luck.

Stuttgart Airport STR Lost & Found Office

If it seems you have lost some belongings in the airport, you should quickly contact the Lost & Found Office, located in the west wing of terminal building 1. For more information you can phone to:

The image shows a login form for 'MÜESSESE İLETİŞİM'. The form is set against a background with a repeating geometric pattern of interlocking lines in light grey and yellow. At the top center, there is a blue square logo with the text 'MÜESSESE İLETİŞİM' in white. Below the logo, there are two input fields: 'Kullanıcı Adı' (Username) and 'Şifre' (Password). Each field has a small icon of a speech bubble with the number '4' inside. Below the 'Şifre' field, there is a 'Giriş yap' (Login) button and a link that says 'Şifremi unuttum' (I forgot my password).
